

Securing Help in Family Transportation

PROGRAM DESCRIPTION

SHIFT (Securing Help for Family Transportation) is a Financial Empowerment program that assists low income, working families to achieve long term financial stability goals. The purpose of the SHIFT program is to provide a vehicle to working families, while covering the financial burden of car repairs and maintenance, so that they will be able to become more financially stable. Participants in the SHIFT program receive financial and career coaching, along with a reliable vehicle, regardless of their income level and credit score.

Families who are chosen to participate in the SHIFT program do not need to pass a credit check to qualify and, do not pay interest or bank fees on the vehicle. Participants will pay a minimal program down payment of \$400 upfront along with affordable program payments of \$220 for 3 years. For the first 24 months, the SHIFT program will pay 100% of any maintenance and repair that is needed to keep the vehicle safe and running. After the participant completes 3 full years of program payments, the vehicle is gifted to them.

SHIFT vehicles are fully inspected 4 door sedans.

Participants in the SHIFT program agree to;

- Create goals to improve their income and work with a Financial/Job Coach for support and guidance to help them reach those goals
- Update information regarding address, employment, income, expenses and progress toward their goals if there are any changes and when requested by program coordinators
- Pay program fees on time and, maintain full coverage insurance on the vehicle
- Take the vehicle to SHIFT approved shops for repairs and maintenance
